Labex MILYON

The Excellence Laboratory Milyon is a "Future Investments Program" of the Lyon University. Milyon federates to researchers from three research units in Mathematics and Fundamental Computer Science: Institut Camille Jordan (UMR CNRS 5208), Laboratoire de l'Informatique du Parallélisme (UMR CNRS 5668), Unité de Mathématiques Pures et Appliquées (UMR CNRS 5669).

Milyon fosters interdisciplinary research. It also stimulates interactions between Mathematics and Computer Science and between the researchers from the three research units in three main directions:

- research
- support to innovative training programs
- dissemination of scientific culture
